## Colson Whitehead

### The Underground Railroad

Winner of the Pulitzer Prize  
Winner of the National Book Award

From prize-winning, bestselling author Colson Whitehead, a magnificent tour de force chronicling a young slave's adventures as she makes a desperate bid for freedom in the antebellum South.

In Whitehead's ingenious conception, *The Underground Railroad* is no mere metaphor—engineers and conductors operate a secret network of tracks and tunnels beneath the Southern soil. *The Underground Railroad* is at once a kinetic adventure tale of one woman's ferocious will to escape the horrors of bondage and a shattering, powerful meditation on the history we all share.

*"[A] potent, almost hallucinatory novel that leaves the reader with a devastating understanding of the terrible human costs of slavery. It possesses the chilling matter-of-fact power of the slave narratives collected by the Federal Writers' Project in the 1930s, with echoes of Toni Morrison's Beloved, Victor Hugo's Les Misérables, Ralph Ellison's Invisible Man, and brush strokes borrowed from Jorge Luis Borges, Franz Kafka and Jonathan Swift. . . . He has told a story essential to our understanding of the American past and the American present."* —*The New York Times*

*"The Underground Railroad is inquiring into the very soul of American democracy, measuring the promise of its ideals against the facts of its history. . . . a stirring exploration of the American experiment."* —*Wall Street Journal*

## Hope Jahren

### Lab Girl

NOW IN PAPERBACK

Winner of the National Book Critics Circle Award for Autobiography

Winner of the American Association for the Advancement of Science/Subaru Prize for Excellence in Science Books

Named One of Time Magazine's 100 Most Influential People

*Lab Girl* is an illuminating debut memoir of a woman in science; a moving portrait of a longtime friendship; and a stunningly fresh look at plants that will transform how you see the natural world.

Geobiologist Hope Jahren has spent her life studying trees, flowers, seeds, and soil. *Lab Girl* is her revelatory treatise on plant life—but it is also a celebration of the lifelong curiosity, humility, and passion that drive every scientist. In these pages, Hope takes us back to her Minnesota childhood, where she spent hours in unfettered play in her father's college laboratory. She tells us how she found a sanctuary in science, learning to perform lab work “with both the heart and the hands.” She introduces us to Bill, her brilliant, eccentric lab manager. And she extends the mantle of scientist to each of her readers, inviting us to join her in observing and protecting our environment. Warm, luminous, compulsively readable, *Lab Girl* vividly demonstrates the mountains that we can move when love and work come together.

*“Some people are great writers, while other people live lives of adventure and importance. Almost no one does both. Hope Jahren does both. She makes me wish I'd been a scientist.”* —Ann Patchett, author of *State of Wonder*

*“Vladimir Nabokov once observed that ‘a writer should have the precision of a poet and the imagination of a scientist.’ The geobiologist Hope Jahren possesses both in spades. Her engrossing new memoir, *Lab Girl*, is at once a thrilling account of her discovery of her vocation and a gifted teacher’s road map to the secret lives of plants—a book that, at its best, does for botany what Oliver Sacks’s essays did for neurology, what Stephen Jay Gould’s writings did for paleontology.”* —*The New York Times*

**SELECTED BY:** University of Virginia – School of Engineering and Applied Sciences

**HOPE JAHREN** is an award-winning scientist who has been pursuing independent research in paleobiology since 1996, when she completed her PhD at University of California Berkeley and began teaching and researching first at the Georgia Institute of Technology and then at Johns Hopkins University. She is the recipient of three Fulbright Awards and is one of four scientists, and the only woman, to have been awarded both of the Young Investigator Medals given within the Earth Sciences. She was a tenured professor at the University of Hawaii in Honolulu from 2008 to 2016. She currently holds the J. Tuzo Wilson professorship at the University of Oslo, Norway.

*“A remarkable achievement: generous, honest, poignant. **Option B** reveals an aspect of Sandberg’s character—her impulse to be helpful. This is a book that will be quietly passed from hand to hand, and it will surely offer great comfort to its intended readers. . . . The candor and simplicity with which she shared all of it is a kind of gift. . . . Helpful, moving.” —*The New York Times**

*“Sandberg’s new book is tough, full of the raw, painful emotions. . . . **Option B** [has] advice for people who are grieving. But it’s also a book for nearly everyone—people who may not know what to say or do in the wake of a tragedy. It’s also a deeply optimistic book, framed around the question, what’s next?” —*The Atlantic**

**SHERYL SANDBERG** is chief operating officer at Facebook, overseeing the firm’s business operations. Prior to Facebook, Sheryl was vice president of Global Online Sales and Operations at Google, chief of staff for the United States Treasury Department under President Clinton, a management consultant with McKinsey & Company, and an economist with the World Bank.

**ADAM GRANT** is a psychologist and the *New York Times* best-selling author of *Originals* and *Give and Take*. As Wharton’s top-rated professor for five straight years, Adam is a leading expert on how we can find motivation and meaning, and live more generous and creative lives. He has been recognized as one of the world’s 25 most influential management thinkers and received distinguished scholarly achievement awards from the American Psychological Association and the National Science Foundation.

### Option B

Facing Adversity, Building Resilience, and Finding Joy

NEW

From Facebook’s COO and Wharton’s top-rated professor, the #1 *New York Times* best-selling authors of *Lean In* and *Originals*, comes **Option B**, a powerful, inspiring, and practical book about building resilience and moving forward after life’s inevitable setbacks.

After the sudden death of her husband, Sheryl Sandberg felt certain that she and her children would never feel pure joy again. “I was in ‘the void,’” she writes, “a vast emptiness that fills your heart and lungs and restricts your ability to think or even breathe.” Her friend Adam Grant, a psychologist at Wharton, told her there are concrete steps people can take to recover and rebound from life-shattering experiences. We are not born with a fixed amount of resilience. It is a muscle that everyone can build.

**Option B** combines Sheryl’s personal insights with Adam’s eye-opening research on finding strength in the face of adversity. Sheryl opens up her heart—and her journal—to describe the acute grief and isolation she felt in the wake of her husband’s death. But **Option B** goes beyond Sheryl’s loss to explore how a broad range of people have overcome hardships including illness, job loss, sexual assault, natural disasters, and the violence of war. Their stories reveal the capacity of the human spirit to persevere . . . and to rediscover joy.

## Bill Burnett and Dave Evans

### Designing Your Life

How to Build a Well-Lived, Joyful Life

Designers create worlds and solve problems using design thinking. Look around your office or home—at the tablet or smartphone you may be holding or the chair you are sitting in. Everything in our lives was designed by someone. And every design starts with a problem that a designer or team of designers seeks to solve.

In this book, Bill Burnett and Dave Evans show us how design thinking can help us create a life that is both meaningful and fulfilling, regardless of who or where we are, what we do or have done for a living, or how young or old we are. The same design thinking responsible for amazing technology, products, and spaces can be used to design and build your career and your life, a life of fulfillment and joy, constantly creative and productive, one that always holds the possibility of surprise.

Dave and Bill teach an open enrollment class at Stanford, one of the most popular electives on campus. They've refined the design exercises again and again to make them more efficient and actionable. The method has been the subject of two PhD theses and had demonstrated significant results in helping students design the life they want. The method is centered on the principles taught in the Product Design Program and the d.school at Stanford. Called “design thinking,” it is a process and a way of thinking about tough-to-solve problems.

### American War

*American War* is an audacious and powerful debut novel: a second American Civil War, a devastating plague, and one family caught deep in the middle—a story that asks what might happen if America were to turn its most devastating policies and deadly weapons upon itself.

Sarat Chestnut, born in Louisiana, is only six when the Second American Civil War breaks out in 2074. But even she knows that oil is outlawed, that Louisiana is half underwater, and that unmanned drones fill the sky. When her father is killed and her family is forced into Camp Patience for displaced persons, she begins to grow up shaped by her particular time and place. But not everyone at Camp Patience is who they claim to be. Eventually Sarat is befriended by a mysterious functionary, under whose influence she is turned into a deadly instrument of war. The decisions that she makes will have tremendous consequences not just for Sarat but for her family and her country, rippling through generations of strangers and kin alike.

*“Powerful. . . . As haunting a postapocalyptic universe as Cormac McCarthy [created] in *The Road*, and as devastating a look as the fallout that national events have on an American family as Philip Roth did in *The Plot Against America*. . . . Omar El Akkad’s debut novel, **American War**, is an unlikely mash-up of unsparing war reporting and plot elements familiar to readers of the recent young-adult dystopian series *The Hunger Games* and *Divergent*.”* —**Michiko Kakutani**, *The New York Times*

**Margaret Atwood**

## The Handmaid's Tale

From the bestselling author of *Alias Grace* and the *MaddAddam* trilogy, here is the #1 *New York Times* bestseller and seminal work of speculative fiction from the Booker Prize-winning author.

Now a Hulu series starring Elizabeth Moss, Samira Wiley, and Joseph Fiennes. Includes a new introduction by Margaret Atwood.

Offred is a Handmaid in the Republic of Gilead. She may leave the home of the Commander and his wife once a day to walk to food markets whose signs are now pictures instead of words because women are no longer allowed to read. She must lie on her back once a month and pray that the Commander makes her pregnant, because in an age of declining births, Offred and the other Handmaids are valued only if their ovaries are viable.

Offred can remember the days before, when she lived and made love with her husband Luke; when she played with and protected her daughter; when she had a job, money of her own, and access to knowledge. But all of that is gone now.

Funny, unexpected, horrifying, and altogether convincing, *The Handmaid's Tale* is at once scathing satire, dire warning, and literary tour de force.

*"Atwood takes many trends which exist today and stretches them to their logical and chilling conclusions. . . . An excellent novel about the directions our lives are taking. . . . Read it while it's still allowed."*

### The Stranger in the Woods

The Extraordinary Story of the Last True Hermit

NEW

In 1986, a shy and intelligent twenty-year-old named Christopher Knight left his home in Massachusetts, drove to Maine, and disappeared into the forest. He would not have a conversation with another human being until nearly three decades later, when he was arrested for stealing food. Living in a tent even through brutal winters, he had survived by his wits and courage, developing ingenious ways to store edibles and water, and to avoid freezing to death. He broke into nearby cottages for food, clothing, reading material, and other provisions, taking only what he needed but terrifying a community never able to solve the mysterious burglaries. Based on extensive interviews with Knight himself, this is a vividly detailed account of his secluded life—why did he leave? what did he learn?—as well as the challenges he has faced since returning to the world. It is a gripping story of survival that asks fundamental questions about solitude, community, and what makes a good life, and a deeply moving portrait of a man who was determined to live his own way, and succeeded.

*“An absorbing exploration of solitude and man’s eroding relationship with the natural world.*

*Though the ‘stranger’ in the title is Knight, one closes the book with the sense that Knight, like all seers, is the only sane person in a world gone insane—that modern civilization has made us strangers to ourselves.”* —*The Atlantic*

## Endurance

A Year in Space, A Lifetime of Discovery

NEW

**A stunning memoir from the astronaut who spent a record-breaking year aboard the International Space Station.**

Scott Kelly describes navigating the extreme challenge of long-term spaceflight, both existential and banal: the devastating effects on the body; the isolation from everyone he loves and the comforts of Earth; the pressures of constant close cohabitation; the catastrophic risks of depressurization or colliding with space junk, and the still more haunting threat of being unable to help should tragedy strike at home. Kelly's humanity, compassion, humor, and passion resonate throughout, as he recalls his rough-and-tumble New Jersey childhood and the youthful inspiration that sparked his astounding career, and as he makes clear his belief that Mars will be the next, ultimately challenging step in American spaceflight. A natural storyteller and modern-day hero, Kelly has a message of hope for the future that will inspire for generations to come. Here, in his personal story, we see the triumph of the human imagination, the strength of the human will, and the boundless wonder of the galaxy.

*"Scott Kelly's book is as close as I and most everyone else on Earth will ever get to experiencing the fascinating, complex, almost preposterously dangerous business of going into space. When I closed the covers, I felt like I had been out there. **Endurance** is an utterly gripping book that can stand comfortably in the company of Tom Wolfe's *The Right Stuff*."* —  
**Charles C. Mann, author of *1491***

*"Read this book and you will believe in our American future, thrill at our human potential, and laugh at the absurdities of life. **Endurance** is about excellence and perspective, a memorable read."* —**Senator Bill Bradley**

One of *The New York Times's* Ten Best Books of 2013

**A powerful, tender story of race and identity by Chimamanda Ngozi Adichie, the award-winning author of *Half of a Yellow Sun*.**

Ifemelu and Obinze are young and in love when they depart military-ruled Nigeria for the West. Beautiful, self-assured Ifemelu heads for America, where, despite her academic success, she is forced to grapple with what it means to be black for the first time. Quiet, thoughtful Obinze had hoped to join her, but with post-9/11 America closed to him, he instead plunges into a dangerous, undocumented life in London. Fifteen years later, they reunite in a newly democratic Nigeria, and reignite their passion—for each other and for their homeland.

## The Book of Unknown Americans

Finalist for the Dayton Literary Peace Prize for Fiction

When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved.

Here Henríquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. *The Book of Unknown Americans* is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American.

*“Henríquez allows the characters to speak for themselves. . . . The politics of immigration, while never explicitly argued, remain subtly in play, as do more existential matters affecting immigrants, such as the mixed national and cultural allegiances and affiliations between the generations.”*—*Chicago Tribune*

*“Striking. . . . A ringing paean to love in general: to the love between man and wife, parent and child, outsider and newcomer, pilgrims and promised land.”*—*The Washington Post*

### Station Eleven

National Book Award Finalist  
A PEN/Faulkner Award Finalist  
NEA BIG READ

One of the Best Books of the Year: *The Washington Post*, *San Francisco Chronicle*, *Chicago Tribune*, *Buzzfeed*, *Entertainment Weekly*, *Time*, *Milwaukee Journal Sentinel*, *Minnesota Public Radio*, *The Huffington Post*, *BookPage*, *Time Out*, and *BookRiot*

An audacious, darkly glittering novel set in the eerie days of civilization’s collapse, *Station Eleven* tells the spellbinding story of a Hollywood star, his would-be savior, and a nomadic group of Shakespearean actors roaming the scattered outposts of the Great Lakes region, risking everything for art and humanity. Spanning decades, moving back and forth in time, and vividly depicting life before and after the pandemic, this suspenseful, elegiac novel is rife with beauty. A novel of art, memory, and ambition, *Station Eleven* tells a story about the relationships that sustain us, the ephemeral nature of fame, and the beauty of the world as we know it.

*“It’s hard to imagine a novel more perfectly suited, in both form and content, to this literary moment. **Station Eleven**, if we were to talk about it in our usual way, would seem like a book that combines high culture and low culture—“literary fiction” and “genre fiction.” But those categories aren’t really adequate to describe the book”* —*The New Yorker*

*“A superb novel . . . [that] leaves us not fearful for the end of the word but appreciative of the grace of everyday existence.”* —*San Francisco Chronicle*

*“**Station Eleven** is so compelling, so fearlessly imagined, that I wouldn’t have put it down for anything.”* —*Ann Patchett*, author of *Bel Canto*

### The Circle

When Mae Holland is hired to work for the Circle, the world's most powerful internet company, she feels she's been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

*"A parable about the perils of life in a digital age in which our personal data is increasingly collected, sifted and monetized. . . . Using his fluent prose and instinctive storytelling gifts, Mr. Eggers does a nimble, and sometimes very funny, job of sending up technophiles' naïveté, self-interest and misguided idealism."*—**Michiko Kakutani**, *The New York Times*

*"Eggers appears to run on pure adrenaline, and has as many ideas pouring out of him as the entrepreneurs pitching their inventions in **The Circle**. . . . [A] novel of ideas . . . about the social construction and deconstruction of privacy, and about the increasing corporate ownership of privacy, and about the effects such ownership may have on the nature of Western democracy. . . . It's an entertainment, but a challenging one."*

### I Stand Corrected

How Teaching Western Manners in China Became Its Own Unforgettable Lesson

During the course of a career that has moved her around the world, no country has fascinated Eden Collinworth more than China. Upon realizing that businessmen in mainland China were fundamentally uncomfortable in the company of their Western counterparts, Collinworth decided to collaborate with a major Chinese publisher on a Western etiquette guide, which went on to become a bestseller and prompted a branch of China’s Ministry of Education to suggest that she create a curriculum for the school system. In *I Stand Corrected*, Collinworth tells the entertaining and insightful story of the year she spent scrutinizing the kind of etiquette that has guided her own business career, one which has unfolded in predominately male company. Collinworth creates a counterpart that explains Chinese practices and reveals much about our own Western culture.

*“It’s a heck of a story. . . . Entertaining, informative and insightful.” —The New York Times*

### Behaving Badly

The New Morality in Politics, Sex, and Business

NEW

What is the relevance of morality today? Eden Collinworth enlists the famous, the infamous, and the heretofore unheard-of to unravel how we make moral choices in an increasingly complex—and ethically flexible—age.

In her intrepid quest, Collinworth squares off with a prime minister, the editor of London’s *Financial Times*, a holocaust survivor, a pop star, and a former commander of the U.S. Air Force to grapple with the impracticality of applying morals to foreign policy; precisely when morality gets lost in the making of money; what happens to morality without free will; whether “immoral” women are just those having a better time; why celebrities have become the new moral standard-bearers; and if testosterone is morality’s enemy or its hero.

*“A wide-ranging, breezy journey through a series of ethical minefields. . . . Collinworth is always a genial guide through the moral thicket, and her companions underscore the provocative spirit of her quest.” —Kirkus Reviews*

**Jonathan Haidt**

## **The Righteous Mind**

Why Good People Are Divided by Politics and Religion

Drawing on his twenty-five years of groundbreaking research on moral psychology, Haidt shows how moral judgments arise not from reason but from gut feelings. He shows why liberals, conservatives, and libertarians have such different intuitions about right and wrong, and he shows why each side is actually right about many of its central concerns.

His starting point is moral intuition—the nearly instantaneous perceptions we all have about other people and the things they do. These intuitions feel like self-evident truths, making us righteously certain that those who see things differently are wrong. Haidt shows us how these intuitions differ across cultures, including the cultures of the political left and right. He blends his own research findings with those of anthropologists, historians, and other psychologists to draw a map of the moral domain, and he explains why conservatives can navigate that map more skillfully than can liberals. He then examines the origins of morality, overturning the view that evolution made us fundamentally selfish creatures. But rather than arguing that we are innately altruistic, he makes a more subtle claim—that we are fundamentally groupish. It is our groupishness, he explains, that leads to our greatest joys, our religious divisions, and our political affiliations.

In this subtle yet accessible book, Haidt gives students the key to understanding the miracle of human cooperation, as well as the curse of our eternal divisions and conflicts.

### Missoula

Rape and the Justice System in a College Town

From *Into the Wild* author Jon Krakauer, a stark, powerful, meticulously reported narrative about a series of sexual assaults at the University of Montana.

Krakauer chronicles the searing experiences of several women in Missoula—the nights when they were raped; their fear and self-doubt in the aftermath; the way they were treated by the police, prosecutors, defense attorneys; the public vilification and private anguish. Krakauer’s dispassionate, carefully documented account of what these women endured cuts through the abstract ideological debate about campus rape.

Taking the town as a case study for a crime that is sadly prevalent throughout the nation, Krakauer documents the experiences of five victims. Rigorously researched, rendered in incisive prose, *Missoula* stands as an essential call to action.

*“Krakauer’s investigation will succeed in altering the conversation around sexual violence.”* —*Los Angeles Times*

### Not in God's Name

Confronting Religious Violence

NOW IN PAPERBACK

In this powerful and timely book, one of the most admired and authoritative religious leaders of our time tackles the phenomenon of religious extremism and violence committed in the name of God. If religion is perceived as being part of the problem, Rabbi Sacks argues, then it must also form part of the solution. Through an exploration of the roots of violence and its relationship to religion, and employing groundbreaking biblical analysis and interpretation, Rabbi Sacks shows that religiously inspired violence has as its source misreadings of biblical texts at the heart of all three Abrahamic faiths.

Here is an eloquent call for people of goodwill from all faiths and none to stand together, confront the religious extremism that threatens to destroy us all, and declare: Not in God's Name.

*"In Not in God's Name, the brilliant Rabbi Jonathan Sacks argues that ISIS is in fact typical of what we will see in the decades ahead. . . . [His] greatest contribution is to point out that the answer to religious violence is probably going to be found within religion itself."* —*The New York Times*

### I Am Not Your Negro

A Companion Edition to the Documentary Film  
Directed by Raoul Peck

NEW IN PAPERBACK

Nominated for the Academy Award for Best Documentary

To compose his stunning documentary film *I Am Not Your Negro*, acclaimed filmmaker Raoul Peck mined James Baldwin's published and unpublished oeuvre, selecting passages from his books, essays, letters, notes, and interviews that are every bit as incisive and pertinent now as they have ever been. Weaving these texts together, Peck brilliantly imagines the book that Baldwin never wrote. In his final years, Baldwin had envisioned a book about his three assassinated friends, Medgar Evers, Malcolm X, and Martin Luther King. His deeply personal notes for the project have never been published before. Peck's film uses them to jump through time, juxtaposing Baldwin's private words with his public statements, in a blazing examination of the tragic history of race in America.

### Policing the Black Man

Arrest, Prosecution, and Imprisonment

NEW

*Policing the Black Man* explores and critiques the many ways the criminal justice system impacts the lives of African American boys and men at every stage of the criminal process, from arrest through sentencing. These eleven essays from writers such as Bryan Stevenson, Sherrilyn Ifill, and Bruce Western range from an explication of the historical roots of racism in the criminal justice system to an examination of modern-day police killings of unarmed black men. The contributors discuss and explain racial profiling, the power and discretion of police and prosecutors, the role of implicit bias, the racial impact of police and prosecutorial decisions, the disproportionate imprisonment of black men, the collateral consequences of mass incarceration, and the Supreme Court's failure to provide meaningful remedies for the injustices in the criminal justice system.

## Chimamanda Ngozi Adichie We Should All Be Feminists

In this personal, eloquently argued essay—adapted from her much-admired TEDx talk of the same name—Chimamanda Ngozi Adichie offers readers a unique definition of feminism for the 21st century, one rooted in inclusion and awareness. Drawing extensively on her own experiences and her deep understanding of the often masked realities of sexual politics, here is one remarkable author’s exploration of what it means to be a woman now—and an of-the-moment rallying cry for why we should all be feminists.

*“A potent tour de force on the subject of gender equality; one that whispers rather than shouts and confides rather than chides. . . . Adichie’s is not the language of warfare, it does not seek to berate man or set one sex against the other. She recognizes that society as a whole must change if equality is to be achieved. . . . **We Should All Be Feminists** might just be the most important book you read all year.”*—*The Telegraph (London)*

*“With skill and infinite care, Adichie paints feminism as an issue that all of humanity should be concerned with, not just something that husband-less women yell about and brutish men ignore.”*—*Bustle*

### A Path Appears

Transforming Lives, Creating Opportunity

With scrupulous research and on-the-ground reporting, Nicholas D. Kristof and Sheryl WuDunn explore how altruism affects us, what are the markers for success, and how to avoid the pitfalls. In their recounting of astonishing stories from the front lines of social progress, we see the compelling, inspiring truth of how real people have changed the world, underscoring that one person can make a difference.

We meet people like Dr. Gary Slutkin, who developed his landmark Cure Violence program to combat inner-city conflicts in the United States by applying principles of epidemiology; Lester Strong, who left a career as a high-powered television anchor to run an organization bringing in older Americans to tutor students in public schools across the country; MIT development economist Esther Duflo, whose pioneering studies of aid effectiveness have revealed new truths about, among other things, the power of hope; and Jessica Posner and Kennedy Odede, who are transforming Kenya’s most notorious slum by expanding educational opportunities for girls.

Kristof and WuDunn know better than most how many urgent challenges communities around the world face today. Here they offer a timely beacon of hope for our collective future.

### The Long Walk

A Story of War and the Life That Follows

Brian Castner served two tours of duty in Iraq as the head of an Explosive Ordinance Disposal unit, often making “the long walk” to disarm a bomb by hand when robots and other remote means failed. This lethal game of cat and mouse was, and continues to be, the real battle within America’s wars in the Middle East.

This thrilling, stunningly honest book is an unflinching portrayal of the toll war exacts on the men and women who are fighting it, and alternates between two harrowing realities: the terror, excitement, and camaraderie of combat, and the lonely battle against the unshakeable fear, anxiety, and survivor guilt that Castner—like so many veterans—carries inside.

NEW

When eighty-one-year-old Jay Mendelsohn decides to enroll in the undergraduate *Odyssey* seminar his son teaches at Bard College, the two find themselves on an adventure as profoundly emotional as it is intellectual. Through the sometimes uncomfortable months that the two men explore Homer's great work together—first in the classroom and then during a surprise-filled Mediterranean journey retracing *Odysseus's* famous voyages—Mendelsohn's narrative comes to echo the *Odyssey* itself, with its timeless themes of deception and recognition, marriage and children, the pleasures of travel and the meaning of home.

*"Mendelsohn wears his learning lightly yet superbly. What catches you off guard about this memoir is how moving it is: it has many things to say not only about Homer's epic poem, but about fathers and sons. Mendelsohn has written a book that's accessible to nearly any curious reader. The book partakes of at least four genres: classroom drama; travel writing; biographical memoir; literary criticism. Revealing and funny... He makes Homer's epic shine in your mind."*—**Dwight Garner**, *The New York Times Book Review*

## Kate Bornstein

### Gender Outlaw

On Men, Women, and the Rest of Us

UPDATED AND REVISED

*Gender Outlaw* was decades ahead of its time when it was first published in 1994. Now, some twenty-odd years later, this book stands as both a classic and a still-revolutionary work—one that continues to push us gently but profoundly to the furthest borders of the gender frontier. On one level, *Gender Outlaw* details Bornstein's transformation from heterosexual male to lesbian woman, from a one-time IBM salesperson to a playwright and performance artist. But this particular coming-of-age story is also a provocative investigation into our notions of male and female from someone who never stops questioning our cultural assumptions.

*"In an age of often hostilely expressed gender politics, Kate Bornstein... is sweet, sincere, lucid, and sometimes as corny as Kansas in August."*—**The New York Times**

*"[She] asks fundamental and challenging questions about what it means to be a man or woman in our society."*—**San Francisco Chronicle**

## Mary Shelley (with Percy Shelley) The Original Frankenstein

Working from the earliest surviving draft of *Frankenstein*, Charles E. Robinson presents two versions of the classic novel—as Mary Shelley originally wrote it and a subsequent version clearly indicating Percy Shelley’s amendments and contributions.

For the first time we can hear Mary’s sole voice, which is colloquial, fast-paced, and sounds more modern to a contemporary reader. We can also see for the first time the extent of Percy Shelley’s contribution and his stylistic and thematic changes. His occasionally florid prose is in marked contrast to the directness of Mary’s writing. Interesting, too, are Percy’s suggestions, which humanize the monster, thus shaping many of the major themes of the novel as we read it today.

*“Robinson reanimates the beginnings of this vibrant novel in an authoritative . . . reader-friendly edition that will delight its fans no less than it will stimulate its students.”*—**Susan J. Wolfson, Professor of English, Princeton University and President, Association of Literary Scholars and Critics**

### Plato at the Googleplex

Why Philosophy Won't Go Away

Imagine that Plato came to life in the twenty-first century and embarked on a multicity speaking tour. How would he handle the host of a cable news program who denies there can be morality without religion? How would he answer a neuroscientist who argues that science has definitively answered the questions of free will and moral agency? What would Plato make of Google? With a philosopher's depth and a novelist's imagination and wit, Goldstein probes the deepest issues confronting us by allowing us to eavesdrop on Plato as he takes on the modern world.

*"Highly original. . . . Goldstein set out to showcase, in sometimes startling ways, the continuing relevance of a classic philosopher. But what's remarkable is that she actually brings off this tour de force with both madcap brilliance and commanding authority."* —*The Washington Post*

### Surfing with Sartre

An Aquatic Inquiry into a Life of Meaning

In the tradition of *Shopclass as Soulcraft*, *Barbarian Days*, and *Zen and the Art of Motorcycle Maintenance*—Aaron James uses the experience and the ethos of surfing to explore key concepts in philosophy. He expounds the thinking surfer's view of such philosophical categories as freedom, being, phenomenology, morality, and epistemology, while drawing from his own experience of surfing and from surf culture and lingo.

*"James cannily navigates the metaphysics of Leibniz and the point breaks of Malibu with equal ease. . . . He infuses Surfing with Sartre with just the right mix of personal insight and universal scope. . . . A work of both ambition and humility. Ultimately, it's as concerned with peace, fulfillment, and humanity's future as it is about the spray of salty surf on a summer's day. In fact, the two are the same. And his departing lesson is profound in its clarity: Surfing—like life—should be a thing of both pleasure and meaning."* —*NPR.org*

## James Gleick Time Travel

A History

NOW IN PAPERBACK

A mind-bending exploration of time travel: its subversive origins, its evolution in literature and science, and its influence on our understanding of time itself.

Gleick's story begins at the turn of the twentieth century with the young H. G. Wells writing and rewriting the fantastic tale that became his first book, an international sensation, *The Time Machine*. Gleick tracks the evolution of time travel as an idea in the culture—from Marcel Proust to *Doctor Who*, from Woody Allen to Jorge Luis Borges. He explores the inevitable looping paradoxes and examines the porous boundary between pulp fiction and modern physics. Finally, he delves into a temporal shift that is unsettling our own moment: the instantaneous wired world, with its all-consuming present and vanishing future.

*"A fascinating mash-up of philosophy, literary criticism, physics and cultural observation. . . . A wonderful reminder that the most potent time-traveling technology we have is also the oldest technology we have: storytelling."* —*The New York Times Book Review*

*“An impressively musical exploration of grief and endurance. . . . Young wrestles with loss and joy with enviable beauty and subtlety.”* —*Publishers Weekly*

*“In Young’s poems, loss is built into beauty, and while (for the most part) we take turns experiencing them, they never seem truly separate. As such, many of his poems are both sad and sweet, solemn and celebratory, reading like tender eulogies for whatever a father’s future can hold.”* —*The Boston Globe*

**KEVIN YOUNG** is the Director of the Schomburg Center for Research in Black Culture, newly named a National Historic Landmark. He is the author of eleven books of poetry and prose, most recently *Blue Laws: Selected & Uncollected Poems 1995-2015*, longlisted for the National Book Award; *Book of Hours*, a finalist for the Kingsley Tufts Poetry Award and winner of the Lenore Marshall Prize for Poetry from the Academy of American Poets; *Ardency: A Chronicle of the Amistad Rebels*, winner of an American Book Award; and *Dear Darkness*. His collection *Jelly Roll: a blues* was a finalist for both the National Book Award and the Los Angeles Times Book Prize. Young will also be serving as Poetry Editor of the *New Yorker* starting in November 2017.

**Julie Otsuka**

## When the Emperor Was Divine

Julie Otsuka's commanding debut novel paints a portrait of the Japanese internment camps unlike any we have seen. With crystalline intensity and precision, Otsuka uses a single family to evoke the deracination—both physical and emotional—of a generation of Japanese Americans. Spare, intimate, arrestingly understated, *When the Emperor Was Divine* is a haunting evocation of a family in wartime and an unmistakably resonant lesson for our times. It heralds the arrival of a singularly gifted novelist.

*"Exceptional. . . . Otsuka skillfully dramatizes a world suddenly foreign."* —*The New Yorker*

**Edwidge Danticat**

## Brother, I'm Dying

Winner of the National Book Critics Circle Award

From the age of four, award-winning writer Edwidge Danticat came to think of her uncle Joseph as her “second father,” when she was placed in his care after her parents left Haiti for America. At twelve, she joined her parents and youngest brothers in New York City. As Edwidge made a life in a new country, adjusting to being far away from so many who she loved, she and her family continued to fear for the safety of those still in Haiti as the political situation deteriorated.

*“Powerful. . . . Danticat employs the charms of a storyteller and the authority of a witness to evoke the political forces and personal sacrifices behind her parents’ journey [from Haiti] to this country and her uncle’s decision to stay behind.”* —*The Washington Post Book World*

*“A classic that will be taught and looked at forever. A phenomenal book.”* —*Ann Patchett*

**The Moor's Account**

Finalist for the Pulitzer Prize  
Winner of the Arab American Book Award

*The Moor's Account* features the imagined memoirs of the first black explorer of America: Mustafa al-Zamori, called Estebanico, the slave of a Spanish conquistador, as he sails for the Americas with his master, part of a danger-laden expedition to Florida. Within a year, he is one of only four crew members to survive. As he journeys across America he remakes himself as an equal. His tale illuminates the ways in which our narratives can transmigrate into history—and how storytelling can offer a chance at redemption and survival.

*“An absorbing story of one of the first encounters between Spanish conquistadores and Native Americans, a frightening, brutal, and much-falsified history that here, in her brilliantly imagined fiction, is rewritten to give us something that feels very like the truth.”* —Salman Rushdie

*“Offers a pungent alternative history that muses on the ambiguous power of words to either tell the truth or reshape it according to our desires.”* —Los Angeles Times

**Ted Chiang**  
**Arrival**

NEW

Previously published as *Stories of Your Life and Others*. Includes “Story of Your Life,” the basis for the major motion picture *Arrival*.

*Arrival* delivers dual delights of the very, very strange and the heartbreakingly familiar, often presenting characters who must confront sudden change—the inevitable rise of automatons or the appearance of aliens—with some sense of normalcy. With sharp intelligence and humor, Chiang examines what it means to be alive in a world marked by uncertainty, but also by beauty and wonder.

*“Shining, haunting, mind-blowing tales . . . this collection is a pure marvel. Chiang is so exhilarating so original so stylish he just leaves you speechless. I always suggest a person read at least 52 books a year for proper mental functioning but if you only have time for one, be at peace: you found it.”* —Junot Díaz, author of *The Brief Wondrous Life of Oscar Wao*

## Philip Roth

### The Plot Against America

Winner of the National Book Critics Circle Award

In 1940 Charles A. Lindbergh, heroic aviator and rabid isolationist, is elected President. Shortly thereafter, he negotiates a cordial “understanding” with Adolf Hitler and the new government embarks on a program of folksy anti-Semitism. For seven-year-old Philip Roth of Newark, these developments are just the first in a series of ruptures that will threaten to destroy his small, safe corner of America, and with it his family. *The Plot Against America* is a brave, revelatory, enthralling work that seems to break down the barrier between the past and our endangered present.

*“A terrific political novel. . . . Sinister, vivid, dreamlike . . . creepily plausible. . . . You turn the pages, astonished and frightened.”*—

*The New York Times Book Review*

*“Confounding and illuminating, enraging and discomfiting, imaginative and utterly—terrifyingly—believable.”*—*San Francisco Chronicle*

### The Curious Incident of the Dog in the Night-Time

Narrated by a fifteen-year-old autistic savant, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. As Christopher tries to deal with crisis within his own family, the narrative draws readers into the workings of Christopher’s mind.

*“Gloriously eccentric and wonderfully intelligent.”*—*The Boston Globe*

*“Astonishingly captivating. . . . Fierce and ingenious.”*—*The Miami Herald*

*“Brilliant. . . . Very moving, very plausible—and very funny.”*—*Oliver Sacks*

## Philippe Sands

### East West Street

On the Origins of "Genocide" and "Crimes Against Humanity"

NOW IN PAPERBACK

Winner of the 2016 Baillie Gifford Prize for Nonfiction

*East West Street* looks at the personal and intellectual evolution of the two men both of whom, not knowing the other simultaneously originated the ideas of "genocide" and "crimes against humanity." It is also a spellbinding family memoir, as the author traces the mysterious story of his grandfather, as he maneuvered through Europe in the face of Nazi atrocities. *East West Street* is a book that changes the way we look at the world, at our understanding of history and how civilization has tried to cope with mass murder.

*"We have in Sands's East West Street a machine of power and beauty that should not be ignored by anyone in the United States or elsewhere who would believe that there are irreparable crimes whose adjudication should not stop at the border."* —**Bernard-Henri Lévy, New York Times Book Review (cover review)**

### How to Survive a Plague

The Story of How Activists and Scientists Tamed AIDS

NOW IN PAPERBACK

A definitive history of the successful battle to halt the AIDS epidemic, here is the incredible story of the grassroots activists whose work turned HIV from a mostly fatal infection to a manageable disease. Almost universally ignored, these men and women learned to become their own researchers, lobbyists, and drug smugglers, established their own newspapers and research journals, and went on to force reform in the nation's disease-fighting agencies. From the creator of, and inspired by, the seminal documentary of the same name, *How to Survive a Plague* is an unparalleled insider's account of a pivotal moment in the history of American civil rights.

*"Remarkable... I doubt any book on this subject will be able to match its access to the men and women who lived and died through the trauma and the personal testimony that, at times, feels so... This is the first and best history of [activists'] courage."* —**The New York Times Book Review**

## The Warmth of Other Suns

The Epic Story of America's Great Migration

Winner of the National Book Critics Circle Award

Winner of the Hurston/Wright Legacy Award

This epic, beautifully written masterwork chronicles one of the great untold stories of American history: the decades-long migration of black citizens who fled the South for northern and western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves.

## The Quartet

Orchestrating the Second American Revolution  
1783-1789

In *The Quartet*, Pulitzer Prize-winning historian Joseph Ellis tells the unexpected story of America's second great founding and of the men most responsible—Alexander Hamilton, George Washington, John Jay, and James Madison: why the thirteen colonies, having just fought off the imposition of a distant centralized governing power, would decide to subordinate themselves anew. Ellis gives us a dramatic portrait of one of the most crucial and misconstrued periods in American history: the years between the end of the Revolution and the formation of the federal government.

*"The author is a sure-handed and entertaining guide through the thickets of argument, personality and ideology out of which the American nation emerged."*  
—*The Economist*

*"[A]n engaging reconsideration of the arduous path to the Constitution."* —*The Wall Street Journal*
