Flour Power

The Practice and Pursuit of Baking Sourdough Bread
TARA JENSEN; Foreword by CLAIRE SAFFITZ

Teacher and baker Tara Jensen introduces new and experienced bakers to approachable techniques and recipes for making sourdough, rye, and desem (hearty wheat) breads. *Flour Power* is divided into two parts: the workshop and the recipes. In the workshop, bakers learn all about flour and how to build strength in dough by hand, read a bread formula, and troubleshoot sluggish starters and unruly doughs. The recipes section is divided into chapters by flour and bread type. Recipes are categorized by difficulty level and there's also a helpful "snapshot" at the top of each recipe offering a start-to-finish quick takeaway of the loaf from how much time it actually takes to the pan size you need and type of loaf the bread makes. *70 Full Color Photographs & Illustrations, 304 pages*

Beer-tastic Books

The Anchor Brewing Story

America's First Craft Brewery & San Francisco's Original Anchor Steam Beer
DAVID BURKHART; Foreword by FRITZ MAYTAG

Through narrative history and hundreds of archival photos, Anchor Brewing historian David Burkhart tells the story of how Anchor, on the verge of bankruptcy and with just a single employee, fought back to become the brewing legend it is today through owner and brewer Fritz Maytag's focus on craftsmanship, quality ingredients, and flavor. In the process, Anchor started many of the innovations that are now key parts of craft beer culture, such as brewing the first IPA and post-Prohibition Porter in the U.S. (and the only dark beer in America at the time), releasing a seasonal beer, and reinvigorating interest in steam beer, the oldest homegrown beer style in the United States. *150 Photographs, 288 pages*

ROBERT SIMONSON

What elevates a modern cocktail into the echelon of a modern classic? A host of reasons, all delineated by Simonson in these pages. But, above all, a modern classic cocktail must be popular. People have to order it, not just during its initial heyday, but for years afterward. Tommy's Margarita, invented in the 1990s, is still beloved, and the Porn Star Martini is the most popular cocktail in the United Kingdom, twenty years after its creation. This book includes more than sixty easy-to-make drinks that all earned their stripes as modern classics years ago. Sprinkled among them are also a handful of critics' choices, potential classics that have the goods to become popular go-to cocktails in the future. 50 Photographs, 176 pages
