Pop Art

Keith Haring
The Story of His Life
PAOLO PARISI

This graphic novel looks at every stage of Haring's life, exploring his early influences, the roots of his activism, and his close friendships with other artist contemporaries. It shows readers what it was like to be part of NYC's vibrant downtown art scene in the 1980s—the nightclubs, art openings, the rise of hip-hop and how world events, such as the fall of the Berlin Wall; the escalation of the nuclear arms race; apartheid; and the dawn of the climate crisis played into his work. They'll learn how Haring's own battle with AIDS fueled his advocacy for education and research, and they'll get to know the figures who were most influential to his work—from Warhol to Basquiat, Fab Five Freddy to Madonna. *128 Illustrations, 128 pages*

Women Street Artists
24 Contemporary Graffiti and Mural Artists from around the World
ALESSANDRA MATTANZA

If street art is, in itself, an act of rebellion, it is tragically ironic that the genre seems dominated by men. This exciting book is an important first step in shedding light on the substantial number of women who are gaining fame in the street art world. It brings together the work of 24 artists, through dazzling photographs of their work and intimate portraits of their lives based on interviews collected by award-winning journalist Alessandra Mattanza. On walls, sidewalks, prison cells, grain silos and other nontraditional canvases, these artists tackle ideas around empowerment, feminism, the pink revolution, body shaming and body imagery, racism, and the climate crisis. *Full Color Illustrations, 240 pages*

The Signs of the Times Oracle

A 44-Card Deck & Guidebook
KRYSTAL BANNER

The Signs of the Times Oracle is a reminder that crystals and angelic guidance are just some of the ways the Universe speaks to us—other times the messages are right in front of us. Maybe you simply get a big red stop sign in your face or a plastic bag that says, "Have a Nice Day" blows past. The yield sign as you turn onto the highway or the peace sign spray-painted on the wall across the street might go unnoticed as you wait for whispers from angels or guidance from ancestors. Sometimes the messages from the Universe we miss are the most obvious ones. This oracle deck will open your eyes and your senses, so you'll become attuned to what the Universe is trying to tell you. 112 pages

The Phantomwise Tarot

A 78-Card Deck and Guidebook (Tarot Cards)
ERIN MORGENSTERN

Welcome to *The Phantomwise Tarot*. This black-and-white world is a little bit circusy, a little bit *Wonderland*, and a little bit nocturnal phantasia of its own invention. It is a mix of myth and fairy tale, where each individual you meet may be an illusion, reflection, or distortion. When Erin Morgenstern was working on her international bestseller *The Night Circus*, she began a creative exercise to better understand the complexities of the tarot. This painted series captures the themes of each of the 78 cards in a traditional Rider-Waite-Smith tarot deck with equal parts whimsy and mystery. *78 B&W Illustrations, 78 pages*

Sh*tty Printers

A Humorous History of the Most Absurd Technology Ever Invented
BLUE STAR PRESS

From the moment we began to digitize our world, we created machines that worked tirelessly to pull all that information zooming around back to the physical world. Enter: the home printer. Perhaps as payback for forming a nonsensical dichotomy, these printers couldn't just work. Not without a fight, at least. No. They insisted on screeching at plane-like decibels, plopping out pages at an excruciatingly slow pace, streaking only the most important documents, and running out of ink when you know you JUST refilled the cartridge. Each printer is beautifully photographed and ruthlessly torn to shreds as their individual strengths, weaknesses, and charisma are scored on sliding scales born from relatable frustration. 96 pages

This Is Not My Cat

Feline Friends Who Picked Their Humans
STEVIE HOLCOMB

It's happened to all of us: you fall asleep alone and wake up an hour later cuddling a cat. But that isn't your cat. You don't own a cat. Of course, that hasn't stopped him from breaking in and finding the most comfortable bit of the linen closet to claim as his own. Whether it's our next-door neighbor's tabby that always appears in our yard or a ragdoll that has somehow slipped through the open window on the second floor, cats have a way of ending up in our lives (and cupboards) when we least expect it. *This Is Not My Cat* is a collection of stories and photos of the cats who have charmed their ways into our lives—or occasionally scared us in our bathroom. 120 Full Color Photographs, 112 pages
