An introduction to Phonic Books Decodable Books for Beginner and Catch-Up Readers

Decodable books should be integral to any Phonics reading program or approach and provide a platform to practice and transfer the skills learned in explicit phonics instruction. Our books are highly decodable with gradual introduction of high frequency or tricky words, engaging and suitable for a wide variety of ages.

All of our books follow a steady, cumulative progression and can be used with any phonics reading program. As children progress, we introduce new phonic knowledge and skills while reinforcing those skills learned previously.

Children need to practise and consolidate what they have learned at each stage. How much practise is needed varies from child to child. The breadth of our range allows for this with multiple books at each stage to ensure sufficient reading practice.

How to use decodable books to support your teaching

Step 1 Match and Teach

Before reading, match the phonic progression to your program and teach the target sound(s) within each book. Ensure the child knows both the sounds and their corresponding letter(s) and how to blend them into words.

Step 2 Read Decodable Books

Children read the decodable book with the target phonics introduced in each book.

Step 3 Consolidate Knowledge and Skills

- ✓ Read more books in each level
- ✓ Play the games in each book
- ✓ Complete activities in the workbooks for further practice

To ensure success...
align the decodable books with your progression accurately

Decodable books for beginner and catch-up readers

Written by three reading specialist teachers, our books are designed to engage and enthuse beginner and struggling readers. The highly structured phonic sequence ensures reading success and building of confidence from the very beginning.

- ✓ Decodable text at every stage
- ✓ Imaginative stories
- ✓ Appealing characters
- ✓ Highly structured phonic progression
- ✓ Reader-friendly layout
- ✓ Gradual use of high frequency words
- ✓ Short chapters for reluctant readers
- ✓ Syllables split for readers
- ✓ Reading practice with phonic focus
- ✓ Additional reading and spelling activities
- ✓ Vocabulary pages
- ✓ Workbooks linked to stories
- ✓ Games to consolidate learning

Introduction to Beginner Readers

Supporting a systematic phonics approach

Interest Age 2 to 8

- ✓ 6 wordless books for Pre-school and Kindergarten
- ✓ Helps develop language, comprehension and vocabulary
- ✓ Encourages confidence, storytelling skills and love of books

- ✓ Suitable for younger beginner readers (ages 3-5)
- ✓ 1 line of text per page
- ✓ Decodable books at CVC word level
- ✓ Stages 1-7 introduce sounds of the alphabet
- ✓ Stages 8-15 introduce adjacent consonants and consonant digraphs
- ✓ Stages 16-20 introduce two syllable words suffixes -ed and -ing and spelling <le>
- ✓ Includes game to consolidate learning

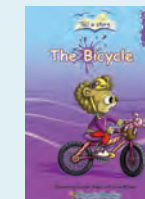

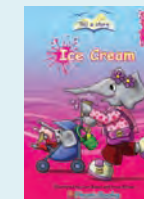

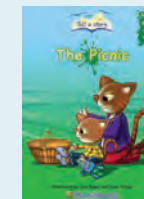

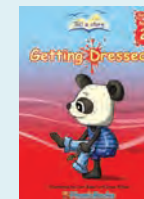

- ✓ Suitable for beginner readers aged 4-8
- ✓ Introduces vowel digraphs and VCe spellings
- ✓ More text per page

Decodable Books for the Extended Code

Interest Age 4 to 7

The English Alphabetic Code is complex and when teaching anything complex, it is necessary to progress from simple to complex in small steps, ensuring practice along the way. For this reason, many programs divide the alphabetic code into the 'Initial Code' and 'Extended' or 'Advanced Code'. The 'Initial Code' includes the letter/sounds of the alphabet, adjacent consonants and consonant digraphs.

The 'Extended Code' is more complex and includes vowel teams (vowel spellings). This is because there are two important underlying aspects of the English Alphabetic Code that children need to learn:

1. **Sounds** (phonemes) can be spelled in different ways
2. **Spellings** (graphemes) can represent different sounds

Our Dandelion Readers, Vowel Spellings series introduces vowel spellings in a gradual way.

Level 1 introduces one spelling for a sound, e.g. the spelling <ai> for the sound /ae/

Level 2 introduces 2/3 spellings for a sound, e.g. the spellings <ai>, <ay> and <a> for the sound /ae/

Level 3 introduces 4/5 spellings for vowel sounds adding more alternative spellings to those introduced in Level 2. In addition, a number of books in Level 3 introduce the concept that a grapheme can represent an alternative sound, e.g. in book 6, the spelling <ow> is featured and the text includes words with the sound /oe/ as in 'grow' and /ow/ as in 'how'.

Our **Dandelion Readers Vowel Spellings** series allows the teacher to match the text to the number of spelling alternatives they are teaching.

The **VCe Spellings** set of books is aimed at children learning the VCe spellings who need to practice reading those words in text. This set of books can be introduced before Level 3, which also includes the VCe spellings, as one of a number of spelling alternatives.

Cat. No. **USWR17**

Reading, spelling and comprehension activities introducing **four to five spellings** for each phoneme.

Dragon Eggs Series

Introduction to the Dragon Eggs Series

Build reading fluency, develop comprehension, and increase confidence

Interest Age 6 to 9

Fluency is one of the critical foundations of reading and it is widely recognized that comprehension is directly linked to reading fluency. To develop fluency children must develop accuracy, pace and prosody (expression).

To achieve reading accuracy children must be taught how to decode words efficiently and at speed. If the reader is focused on decoding words, he/she cannot attend to the meaning of the text.

One of the most difficult aspects of learning to decode the English script is that phonemes can be spelled in different ways. The Dragon Eggs Series has been designed to help children consolidate these alternative spellings. Each book in the series introduces a number of alternative spellings for a vowel sound. The aim of this series is to expose the reader to multiple opportunities to encounter words with these alternative spellings. Repeated practice helps to commit words to long-term memory and in turn develops reading accuracy and speed that will enable reading fluency and comprehension.

A workbook complements the series with activities focused on exposure to alternative spellings. Some activities precede and prepare the student for reading and others follow reading and focus on fluency and comprehension.

- ✓ Higher ratio of text to illustration than our Dandelion Launchers and Readers series to develop reading stamina
- ✓ Age-appropriate storyline and illustrations that engage and encourage the pupil to read on
- ✓ Focuses on alternative spellings for vowel sounds
- ✓ Reading practice page
- ✓ Vocabulary page to develop language and comprehension
- ✓ Reader-friendly layout

Bella, the dragon, loses her eggs in a terrible storm. Mina discovers Bella and offers to help her. Will she be able to save the baby dragon eggs and bring them safely home to Bella?

216 Pages

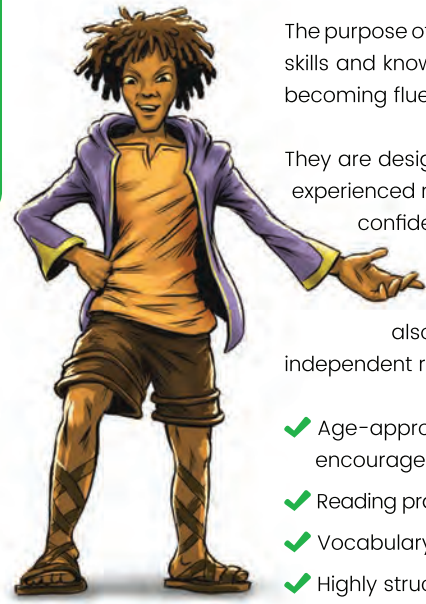

Reading, spelling and comprehension activities linked to the 10 books in the Dragon Eggs Series.

Introduction to Catch-up Readers

Decodable, systematic synthetic phonic reading books for older readers

Interest Age 8 to 14+

The purpose of these series of books is to fill in the missing gaps in phonic skills and knowledge that prevent students from making progress and becoming fluent readers.

They are designed to appeal to older students who may have already experienced reading failure. Many of these students experience loss of confidence and low self-esteem.

Special features have been included to engage but also to facilitate access to text and develop confident, independent reading strategies:

- ✓ Age-appropriate illustrations and story lines that engage and encourage the student to read on
- ✓ Reading practice page which prepares the student for reading the text
- ✓ Vocabulary page to develop receptive and expressive language
- ✓ Highly structured phonic progression
- ✓ Reader-friendly layout

Catch-up Reader Workbooks

The workbooks are integral to the reading program as they include teaching and practice activities to support the learner.

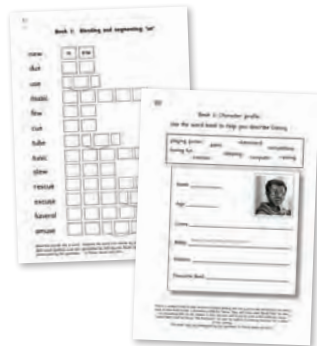

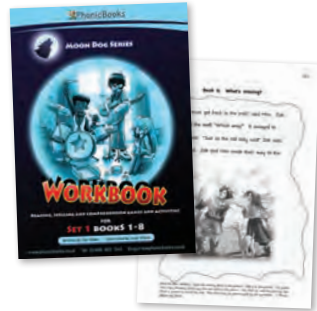

Some activities precede reading the books such as blending, segmenting and phoneme manipulation.

Other activities are directly linked to the reading books and are designed to develop reading fluency, comprehension, spelling, writing and vocabulary.

Series	Who is it aimed at?	What does it cover?
 Moon Dogs, Set 1	Very early stages of reading. Consolidation of letter/sound correspondences.	Sounds of alphabet at CVC level.
Moon Dogs Extras	Very early stages of reading. Consolidation of letter/sound correspondences.	Sounds of alphabet at CVC level.
Moon Dogs, Set 2	Early stages of reading.	CVC level and adjacent consonants and consonant digraphs.
Moon Dogs, Set 3	Pupils learning first vowel spellings.	Two spellings for a vowel sound.
 	Pupils who can read simple CVC words.	Adjacent consonants, consonant digraphs and suffixes -ed and -ing.
 	Pupils able to read text at CVC level who now need support consolidating consonant digraphs and some vowel spellings.	A recap of adjacent consonants and consonant digraphs. Introduction to alternative spellings for vowel sounds eg. ai, ay, a-e, a.
  	Pupils with poor knowledge of vowel spellings.	Recap of alternative vowel spellings covered in Totem and Alba with additional vowel spellings for new vowel sounds.
 Titan's Gauntlets	For pupils needing to learn more complex vowel and consonant spellings and suffixes.	Alternatives for new vowel and consonant sounds and common Latin suffixes. More text per page.
 Talisman Series	For pupils who need to revise spellings introduced in Titan's Gauntlets.	More alternatives for new vowel and consonant sounds and common Latin suffixes.
 Amber Guardians	For pupils needing to build reading stamina.	Higher ratio of text to illustration, bridges the gap between structured reading series and mainstream reading.

How to make the most of our books and resources Daily Opportunities to Practice Phonics

Providing daily opportunities to practice phonics is crucial for both early, beginner and later, catch-up readers. Our activity workbooks are integral to the reading scheme as they include teaching and practice activities to support the learner.

Blending

To become a reader, a learner needs to acquire the skills of pushing together individual sounds to make a word, this process is called 'blending'. Sounding out the graphemes (spellings) and blending sounds into words is called 'decoding'.

Segmenting

To spell words accurately, a learner needs to be able to break a word up into its component sounds. This process is called 'segmenting'. The learner can then represent each sound (phoneme) with the letters that spell the sound.

The learner can then write the letters that represent the sounds in the word and this is called encoding. This is the reverse activity of decoding and should be taught hand in hand.

Activities and Games

Easy-to use activities provide a simple, yet effective way to help children develop essential skills for both reading and spelling. These foundational skills build as they progress through the reading series and their corresponding workbooks and start down the path of reading fluency.

Some of the activities within our workbooks precede reading the books and develop the skills identified as being key to becoming a proficient reader, such as blending, segmenting and phoneme manipulation.

Other exercises are directly linked to the reading books and are designed to develop reading fluency, comprehension, spelling, writing and vocabulary.

Children learn best when they are having fun, and the workbooks are full activities and games to develop and embed essential skills whilst developing confident, independent reading and spelling strategies.
