THE PENGUIN RANDOM HOUSE GRAPHIC NOVEL & POP CULTURE CATALOG V.1

What Do Books Do?

Books sell themselves. They get extraordinary publicity and reviews that drive sales. At Penguin Random House we publish some of the biggest manga, graphic novels, and pop-culture books in every category and for every age. We believe we have the right book for every comic shop and every consumer.

Books sell other products. Books cross-merchandized around the store offer visual context for the products alongside them. The Doctor Strange Little Golden Book next to a Doctor Strange collectible statue sells both items and is the perfect gift idea for consumers.

Books make great gifts. Books are the perfect gift for any occasion, fan, or collector. With a wide range of price points and formats, books are the ideal present or the best add-on gift.

Books create an experience. Customers engage with books so they create a deeper retail experience and allow people to feel connected to their purchases.

Books build community. People feel connected to books, and in turn, are more likely to connect to one another. Books create an opportunity for you to make your comic shop a community meeting place.

Books keep people coming back. Engaged fans follow their favorite artists, brands, and series. They are always eager to come back for the next release. Whether it is the latest Attack on Titan manga or a new book from Chris Ware, comic, manga, and pop-culture fans are active and eager to pick up the latest releases from their favorite comic shops.
