Stories + Puzzles = Reading Success!

An innovative approach to learning to read that integrates puzzles and stories to develop motivated, confident readers

How does it work?

Hidden Pictures and other Highlights puzzles are cleverly integrated into high-interest stories, creating an engaging reading experience that reinforces essential skills.

- **Classic puzzles foster critical reading and learning skills**, such as shape and letter recognition, letter-sound relationships, visual discrimination, patterning, sequencing, logic, flexible thinking, and vocabulary.
- **Read the story, solve the puzzle, and then read the story again.** Stories and puzzles are seamlessly integrated for a completely satisfying and effective experience.

- **Puzzles don't require writing**, so these puzzle readers—not activity books—are ideal for home, library, and classroom use.

IDEAL FOR EVERY KIND OF LEARNER:

Highlights is raising the leveled reader bar with a unique approach that integrates puzzles and stories to motivate children to read the story, solve the puzzle, and then go back and do it again! Our signature Hidden Pictures® puzzles provide the backdrop for a scaffolded approach that progresses in complexity in both story and puzzling levels as the child moves up from one level to the next.

- All books are leveled with both Lexile and Fountas & Pinnell Text Level Gradient system, making them classroom, school library, and home library ready.
- Level One—Let's Explore Reading: Five of the same hidden objects in each puzzle add interactivity, with a bonus activity to reinforce hands-on learning.
- Level Two—Let's Read, Read, Read: Eight hidden objects in each puzzle prompt visual learning, with a Hidden Pictures Visual Dictionary at the end that reinforces re-reading.
