## 52 Weeks of Gratitude

A One-Year Journal to Reflect, Pray, and Record Thankfulness

INK & WILLOW

Scripture says, "In every thing give thanks: for this is the will of God in Christ Jesus concerning you." But we could all use a little help actually making room for gratitude among our everyday busyness and concerns. *52 Weeks of Gratitude* offers you a space to record and reflect on your blessings each week as you focus through the year on four major themes: Home, Community, Faith, and Beauty.

With its lovely full-color photographs and illustrations, this textured hardcover book is a perfect keepsake. The weekly format offers just the right amount of encouragement to inspire, motivate, and create a grateful heart in all who write in its pages. *8 Full Color Photographs + 16 Spot Art, 144 pages.*

# Journals for Your Journey

**Our Daily Question**  
A Three-Year Journal for Couples  
INK & WILLOW

In our frenetic, fast-paced world, it can be hard to pause long enough to notice and appreciate the little things you love about your significant other. Fortunately, *Our Daily Question* offers an easy and interactive guide for doing just that.

By answering each of the 365 introspective questions together on the same date each year, you will get a unique and precious picture into the development of your relationship. Some of the questions focus on your spirituality and faith journeys, while others are meant to capture your creativity, spirit, and sense of humor. All questions spark conversations and memories that span well beyond the pages of this book.

Compare your answers from one year to the next to have a written record of your thoughts, interests, faith, and love for each other. Drop a favorite photo into the picture-frame slot in the front cover and you will have a personal keepsake to treasure forever! *Two Color, 384 pages.*

## SUPERtheticals

50 New HYPERthetical Questions for More Strange Conversations

CHUCK KLOSTERMAN

Imagine a person who is your genetic clone. They are a perfect replica of yourself but raised by different people in a different place. It has come to your attention that your clone is trying to destroy you. You have three options: you can go into hiding, you can meet your clone and try to use reason and diplomacy, or you can attempt to destroy your clone before it destroys you. What do you do?

Designed to stimulate dorm-room debate, barstool banter, and unconventional conversation at the dinner table, this new card deck is delivered with Klosterman’s trademark wit and asks you to take a stand on matters of morality, social taboo, and personal identity in a fun and engaging way. The prompts all start with “Imagine a Person...” and range in theme, allowing you to play with co-workers, friends, and family. 51 pages.

## I Can't Believe I Did That...

The Game That Gives You Points for Sharing Awkward, Awesome, and Unforgettable Memories

DAVID NADELBERG and NEIL KATCHER

Hailed as a “cultural phenomenon” by Newsweek and praised by This American Life, Time, and beyond, the binge-worthy podcast, *Mortified*, celebrates the strange and extraordinary things we experienced during childhood and adolescence. This game gives you the opportunity to do the same!

*I Can't Believe I Did That...* is a party game that is an exercise in both empathy and hilarity, bringing friends together to laugh (or cry!) at steamy high school hook-ups, questionable fashion choices, and sobbing at your first middle school dance. With conversation prompts that spark memories of your most heartwarming, confusing, and totally OMG-worthy moments, this game is perfect for busting through the awkwardness of getting-to-know-you at freshman orientation, book club, or even to pre-game a night on the town. 15-20 Illustrations, 200 pages.

# Cosmic & Brave

## Yayoi Kusama: Cosmic Nature

Edited by MIKA YOSHITAKE; Texts by ALEXANDRA MUNROE, JOANNA L. GROARKE, JENNI SORKIN and BARBARA AMBROSE

Yayoi Kusama's groundbreaking work has mesmerized audiences since her first exhibitions in New York in the 1960s. Known for working in a broad range of media—including painting, performance, sculpture, and installation—in recent decades she has risen to worldwide fame through the explosive popularity of her mesmerizing infinity mirror rooms and vibrant sculptural installations. Yet the critical importance of botanical imagery and the artist's interest in nature in Kusama's art has been under-represented in American exhibitions to date.

Through examination of works from Kusama's adolescence to the present, this landmark exhibition at the New York Botanical Garden, and the accompanying catalogue, will trace the artist's recurring engagement with natural forms and her surrealist exploration of biomorphism, patterns of accumulation inspired by organic growth, and visions of the boundlessness of the living universe. *150 Full Color Photographs, 144 pages.*

The Ultimate Book Of Trivia

EMMA LEWIS

More than twenty-five years after it first aired, Friends retains a steadily growing cult following and was the most heavily binged show on Netflix. Most of us can quote Friends for days on end. But how well do you really know Rachel, Phoebe, Joey, Chandler, Ross, and Monica?

Do you know the name of the brand of Japanese men's lipstick that Joey advertised? Do you know what, according to Rachel, is Chandler's job? Or do you know which American band (yes, the whole band) is in Phoebe's little black book? And to what did Ross compare Rachel's Thanksgiving trifle?

With season-specific quizzes and character-focused questions, this interactive trivia book is perfect to play with friends or family. (Or, for the real Friends fanatics...solo!) *30 Two Color Illustrations, 96 pages.*

### 30 Rock Playing Cards

Illustrated by CHANTEL DE SOUSA

Imagine playing a round of Texas Hold 'Em, but when you reveal your hand, there are the friendly faces of TGS's cast and crew, the characters of 30 Rock! Well, imagine no longer - just pick up your set of *30 Rock Playing Cards*.

It's been over seven years since the show ended, but stellar writing (helmed by Tina Fey), incredible casting, and sheer quotability has meant that we're all still in love with 30 Rock. The sidesplitting sitcom is also an exploration of work-life balances, friendships, and love.

Printed on high-quality card material, this deck is a standard poker set, with the four classic suits. Each suit celebrates a pair of our favorite 30 Rock characters. Liz Lemon, master of avoiding jury duty, is clubs. High-powered executive Jack Donaghy, whose suit is more expensive than yours, is spades. Jenna Maroney, a certified 10, is hearts, while Tracy is the suit of diamonds (and also a big fan of Shark Week).

# Treasures for Book Lovers

## The Book Lover's Treasury of Quotations

An Inspired Collection on Reading, Writing and Literature

JO BRIELYN

Books are fantastic. Not only do they provide a wealth of knowledge and facts, they enable people to escape into different realities and worlds. Every book lover knows that a book is really a gateway to a story, one that can both inform and entertain. Reading books, going to the library, spending time in a bookstore are all common activities for the regular book lover, and this small book is for them. Full of wonderful quotes about loving books, stories, and reading, *The Book Lovers Quotation Book* is another book that every bibliophile will want to add to their collection.

100+ Books to Read and Reread

MICHIKO KAKUTANI

Legendary former *New York Times* critic and bestselling author Michiko Kakutani once again brings her wealth of knowledge and passion about books to eager readers—but this time with her personal selections of more than 140 works of fiction, nonfiction, and poetry that have had a profound effect on her life. “Why do we love books so much,” she asks in her introduction. “These magical brick-sized objects are actually tiny time machines that can transport us back to the past to learn the lessons of history, and forward to the future, where we may be granted glimpses of more ideal worlds, or more dystopian ones that serve as dark mirrors of what we could become, should we misuse the gifts of science, or fail to protect our ideals and our planet.” Books have always been her escape and sanctuary, the characters of some novels feeling so real to her childhood self that she worried they might leap out of the pages at night if she left the book cover open. In fact, Kakutani is so connected to her beloved books, she refuses to see certain movie adaptations—even the iconic *Lord of the Rings*—for fear of the cinematic scenes crowding out the detailed images in her head.

## Oasis

Modern Desert Homes Around the World

IO TILLETT WRIGHT

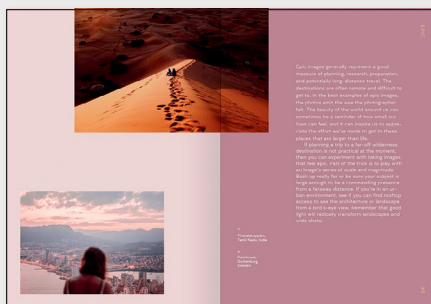

From renovated Airstreams to sprawling, modern stucco, desert has become the new beachfront when it comes to prime real estate. Artist iO Tillett Wright captures the best of this specific culture that's thriving wherever deserts are found, from Texas and California in the United States to Chile, Morocco, and Australia. The detailed overview of the lifestyle, which emphasizes living simply, beautifully, and in connection with the earth, is what sets this book apart.

Featuring classic, well-known homes like Georgia O'Keefe's in Abiquiu, New Mexico, alongside more modern creations like The Solar House in Marfa, Texas, *Oasis* is the definitive guide to this thrilling trend in home design. You'll learn the elements that create the balance of intentionality, ease, style, and function that these homes exude, and you'll feel the do-it-yourself spirit that the creators embody. *225-250 Full Color Photographs, 288 pages.*

# Unforbidden Planets

**The Big Book of Mars**  
 From Ancient Egypt to The Martian, A Deep-Space Dive into Our Obsession with the Red Planet  
 MARC HARTZMAN

Mars has been a source of fascination and speculation ever since the Ancient Sumerians observed its blood-red hue and named it for their god of war and plague. But it wasn't until 1877, when "canals" were observed on the surface of the Red Planet, suggesting the presence of water, that scientists, novelists, filmmakers, and entrepreneurs became obsessed with the question of whether there's life on Mars.

Since then, Mars has fully invaded pop culture. It has its own day of the week (Tuesday, or *martis* in Latin), candy bar, and iconic Looney Tunes character. Filled with entertaining history, archival images, pop culture ephemera, and interviews with NASA scientists, *The Big Book of Mars* is the most comprehensive look at our relationship with Mars—yesterday, today, and tomorrow. 256 pages.

**Planetology**  
 ANNIE BOTTICELLI

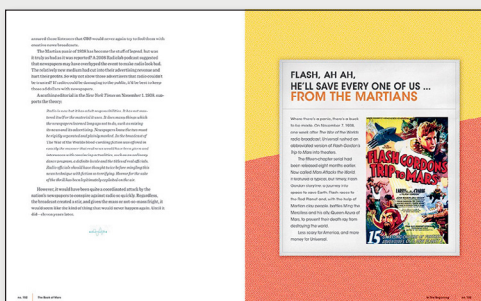

This is the first-ever mainstream guide to working with the astrological cycles of the Universe. It will allow you to plan ahead and achieve more success in your projects, by taking risks at certain times and avoiding them at others, and also enable you to live more fully and joyfully, flowing with the natural rhythms of life. Accessible to complete beginners as well as offering more complex insights to those who already practise astrology.

At the book's core is Annie Botticelli's ASTRO system, which enables readers to align with each planet's motion through: Awareness (projects to work with each planet); Strategy (how to plan ahead for each cycle); Techniques (exercises that range from tapping to mineral soaks and detoxes to mantras); Remedies (such as crystals and homeopathy, all tuned into the planet under discussion); and Openness to unexpected, perhaps unwanted outcomes brought to you by Divine plan.

## American Gardens

DERRY MOORE, MONTY DON

For years, Britain's much-loved gardener Monty Don has been leading us down all kinds of garden paths to show us why green spaces are vital to our wellbeing and culture. Now, he travels across America with celebrated photographer Derry Moore to trace the fascinating histories of outdoor spaces which epitomize or redefine the American garden. In the book, which complements the BBC television series, they look at a variety of gardens and outdoor spaces at the center of American history including the slave garden at Thomas Jefferson's Monticello estate, Longwood Gardens in Delaware, and Middleton Place in South Carolina. Together, they visit verdant oases designed by modernist architects such as Richard Neutra. Derry Moore gives his unique perspective on gardens across the United States, including several not featured in the TV series. These include unpublished photographs of Bob Hope's Palm Springs home and garden of renowned architect Frank Lloyd Wright. *180 Illustrations, 224 pages.*

**Skate Like a Girl**  
CAROLINA AMELL

Filled with stunning full-color photographs of 40 remarkable female skaters in action, this book pays homage to the incredible range of styles, ethnicities, and ages that make up a rapidly growing community. There's Emily Pross, one of the top downhill skaters in the world, who is known as the "fastest woman on four wheels," Lucy Osinski and Danielle Francine, cofounders of GRLSWIRL, a grassroots all-female skate community, and Bunga Nyimas Cinta, the youngest ever medalist at age 12 in the Asian Games in women's street. There are skate coaches, longboard dancers, skate filmmakers, and skateboard makers. You'll meet skaters who are moms, artists, models, surfers, and architects. What they all have in common is that skating is their way of life. Each profile offers its subject's own words of wisdom about going after your dreams, falling hard, and getting right back up. This book will encourage girls and women of every age to get on a board and shred! *280 Illustrations, 256 pages.*

## Polar Tales

The Future of Ice, Life, and the Arctic

FREDRIK GRANATH and MELISSA SCHAFFER

*Polar Tales* tells the story of an ice world in transformation and a planet nearing its tipping point—the moment when Earth’s climate begins to change irreversibly. This book is both a celebration of the wildlife that inhabits this most unforgiving and beautiful environment imaginable—mountains, fjords, enormous glaciers, and the seemingly endless pack ice of the Arctic Ocean—and a cautionary tale of global warming. Rising temperatures have put the Arctic at risk, and the habitats—and lives—of the animals there are increasingly threatened. Set against the dramatic landscape of ice floes and ragged mountains, readers see how polar bears, foxes, seals, walrus, and reindeer now struggle to live in this vulnerable climate.

The authors work like no other photographers: spending months in the field on their expeditions, they live among the polar bears, establishing an uneasy balance and unprecedented access to the world of the kings of the Arctic. *200 Full Color Photographs, 272 pages.*

## On the Farm

Heritage and Heralded Animal Breeds in Portraits and Stories

ALIZA ELIAZAROV

Aliza Eliazarov’s stunning animal portraits have become a national sensation, gracing the pages of *The New York Times*, *Food & Wine*, *The Washington Post*, and more. In *On the Farm* she tells the stories behind these images, diving into the different heritage animals that have come to define the modern farm movement in America.

These breeds have evolved with humanity for thousands of years, making possible the rise of civilization. Yet in the age of industrialized farming they have become rare, many verging on the edge of extinction. Aliza uses her camera to capture these disappearing animals during all stages of life, from birth to childhood to old age.

With lyrical stories, historical context, and breed overviews, *On the Farm* brings to life the animals who we have shaped, and who in exchange have shaped and changed our world. *250 Photographs, 256 pages.*
