"Haddad's debut novel shows off her mastery of prose and physical description, infusing each page with believable realism."

—**Rachel S. Hunt, *Associated Press***

"Unflinching and quietly devastating, this novel explores the stories we tell to justify injustice — and the ones we finally start listening to when it's too late."

—**Jordan Snowden, *The Seattle Times***

"A spiky and unnerving thriller depicting the most uncomfortable relationship between white and Indigenous people since Nathan Fielder's *The Curse*."

—**Sam Franzini, *Brooklyn Rail***

"A full-bodied awakening-to-injustice novel."

—**Kirkus Reviews**

"[Haddad's] taut writing and pace magnificently gives readers a claustrophobic experience that is rarely felt on the page."

—**Adam Vitcavage, *Debutiful***
