With strength of character comes strength of leadership.

This universal truth sits at the core of **THE CHARACTER**

**OF A LEADER.** By analyzing the historical impact of principled leaders, the book showcases how their courage, passion, and initiative has inspired greatness, influenced nations, and fostered trust among their followers. Drawing on decades of experience in intelligence work, Harry Wetherbee presents a blueprint for developing a leadership style rooted in competence, initiative and ethical decision-making, proving that true power lies not in authority—which is granted by others—but in cultivating the strength of one's character.

## **Integrity is the Core of Leadership**

**HARRY WETHERBEE** retired in 2015 after a 48-year career as a senior executive officer of the United States Intelligence Community. He served multiple tours overseas in operational positions and commanded major elements in both the field and Headquarters. Based on this experience, he has written and lectured extensively on leadership. Harry and his wife live in northern Virginia.

The book also features a foreword from **DON MANN**, a US Navy SEAL veteran and a *New York Times* best-selling author of *Inside SEAL Team SIX: My Life and Missions with America's Elite Warriors*.
