There's a saying: "Sooner or later, we all quote our mothers." The lessons most of us receive, both directly and indirectly, from our mothers as we grow up help form who we become as people. Now more than ever, it's important to take stock of this maternal wisdom to not only get through life, but to thrive.

In **MOM'S BOOK OF WISDOM**, Norah Lawlor collects essential strategies and knowledge passed down from her mother as well as other thoughts and stories from famous names to personal friends—all of which are formed & shaped by the lessons our mothers taught us. The mother and child bond is celebrated through important lessons, undeniable truths and humor in this book. Each entry is uniquely beautiful and meant to bring joy as you reflect on the inimitable relationship you have with the most wonderful woman in the world.

PERFECT GIFT BOOK FOR MOTHER'S DAY
